Dear Julie Blackford and Greek Island Tours,

Thank you so much for absolutely everything.

When I found my dream wedding location (a secluded and stunning villa on the mainland near Poros), I had no idea how I would pull it all off. That is, until I found you.

From my first correspondence with Julie, I felt relieved and so fortunate to have found reliable, hard-working, efficient, problem-solving, and super nice people to plan my wedding!

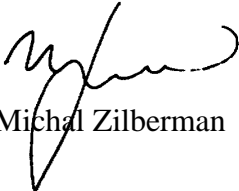

Everything was a breeze: setting up the menu, the catering and seating arrangements, planning the transportation, pickup and drop off of all 75 guests from the airport, the boat rides and buses from Poros to the mainland, and even the smallest details like the confetti and almond cookie favors... it was truly stress-free.

Looking back at it now, I have no idea how all the catering equipment, chairs, tables, refrigerators, etc. made its way through the steep, windy, dirt road that led to our secluded villa... All I know is that on the day of the wedding, everything was setup, ready to go, and that I didn't worry about a thing! (Oh, and the food was delicious!)

So thank you, thank you, for planning the most important event of my life (until now ;). It was truly a dream wedding.

I can't wait to plan with you our Greek wedding reunion in a few years!

Best Wishes
